

Sylvia

I first took an interest in art whilst visiting my brother in Australia. My initial stay for 6 weeks ended with me staying 7 months due to lockdown. My brother is a very good artist and encouraged me to learn, which I have been trying to do. On arriving back in England, I decided I would join an art group.

After looking on-line, I discovered Art for Leisure and Pleasure which I have found to be very friendly and encouraging and I enjoy our weekly meetings.

Colour in a Spiral
