

Carlo King

I have only taken up art as a hobby since retiring to Barnstaple in 2013, having been inspired by Frank Halliday on a cruise in 2014 I joined the Art for Leisure and Pleasure group.

My preference is to work in watercolour painting mainly skies, landscapes and boats. I have recently experimented with acrylic pour and my work can be seen in the Yarn Ball in Barnstaple.

Recently I have been working with ink and watercolour, which I call abstract. This has given me much enjoyment.

Some of my work has been exhibited in our local museum, Bideford Hospital and at the ALP exhibition during Easter 2022.
